

SUSTAINABLE DEVELOPMENT CHARTER

« Act in favour of the sustainable development means engaged environmentally-friendly approaches to answer our customer's projects, with our partners. »

P.VANHOVE – President of CeRyX Traffic System

Support our customers with sustainable development solutions to realise their projects

Control the environmental and social consequences of our propositions, with analyses or anticipation of possible dysfunctions

Encourage collaborators research and innovation initiatives, sharing and teamwork, to optimize our sustainable transport solutions offer

Promote the eco-responsible approach of our sales teams, by reducing ecological impact of our activities on the environment, especially by recycling, saving paper and individual transport optimization

Ensure our collaborators working conditions, respectful of rights and duties of all, and inject sense of security and workplace wellness

Lead our partners around environmental values and support them to develop their own sustainable involvement
